INSPIRATION

The growth and inspiration doesn't just happen in the classroom or Beit Midrash but also in meetings with teachers and in their homes.

Dalia Friedlander
Santiago, Chile

Never having to worry about having a place to go for Shabbat is huge. We know that our teachers and Rakazet will host us with open arms and a home cooked Shabbos meal.

Leah Hornung, *West Orange, New Jersey*

I never imagined how powerful my Davening could be. I am connecting to my Davening much more deeply. It's not just saying words. It's making Hashem a real and constant presence in my life.

Tamar Israel
Silver Spring, Maryland

INSPIRATION

RELATIONSHIPS

Our teachers are more than just teachers. They are our role models, mentors, confidantes and our biggest cheerleaders.

Elana Israel,
Monsey, New York

I'm still close with my Rabbi and his family 13 years later. If that doesn't show the power of relationships made at Tiferet, I don't know what does.

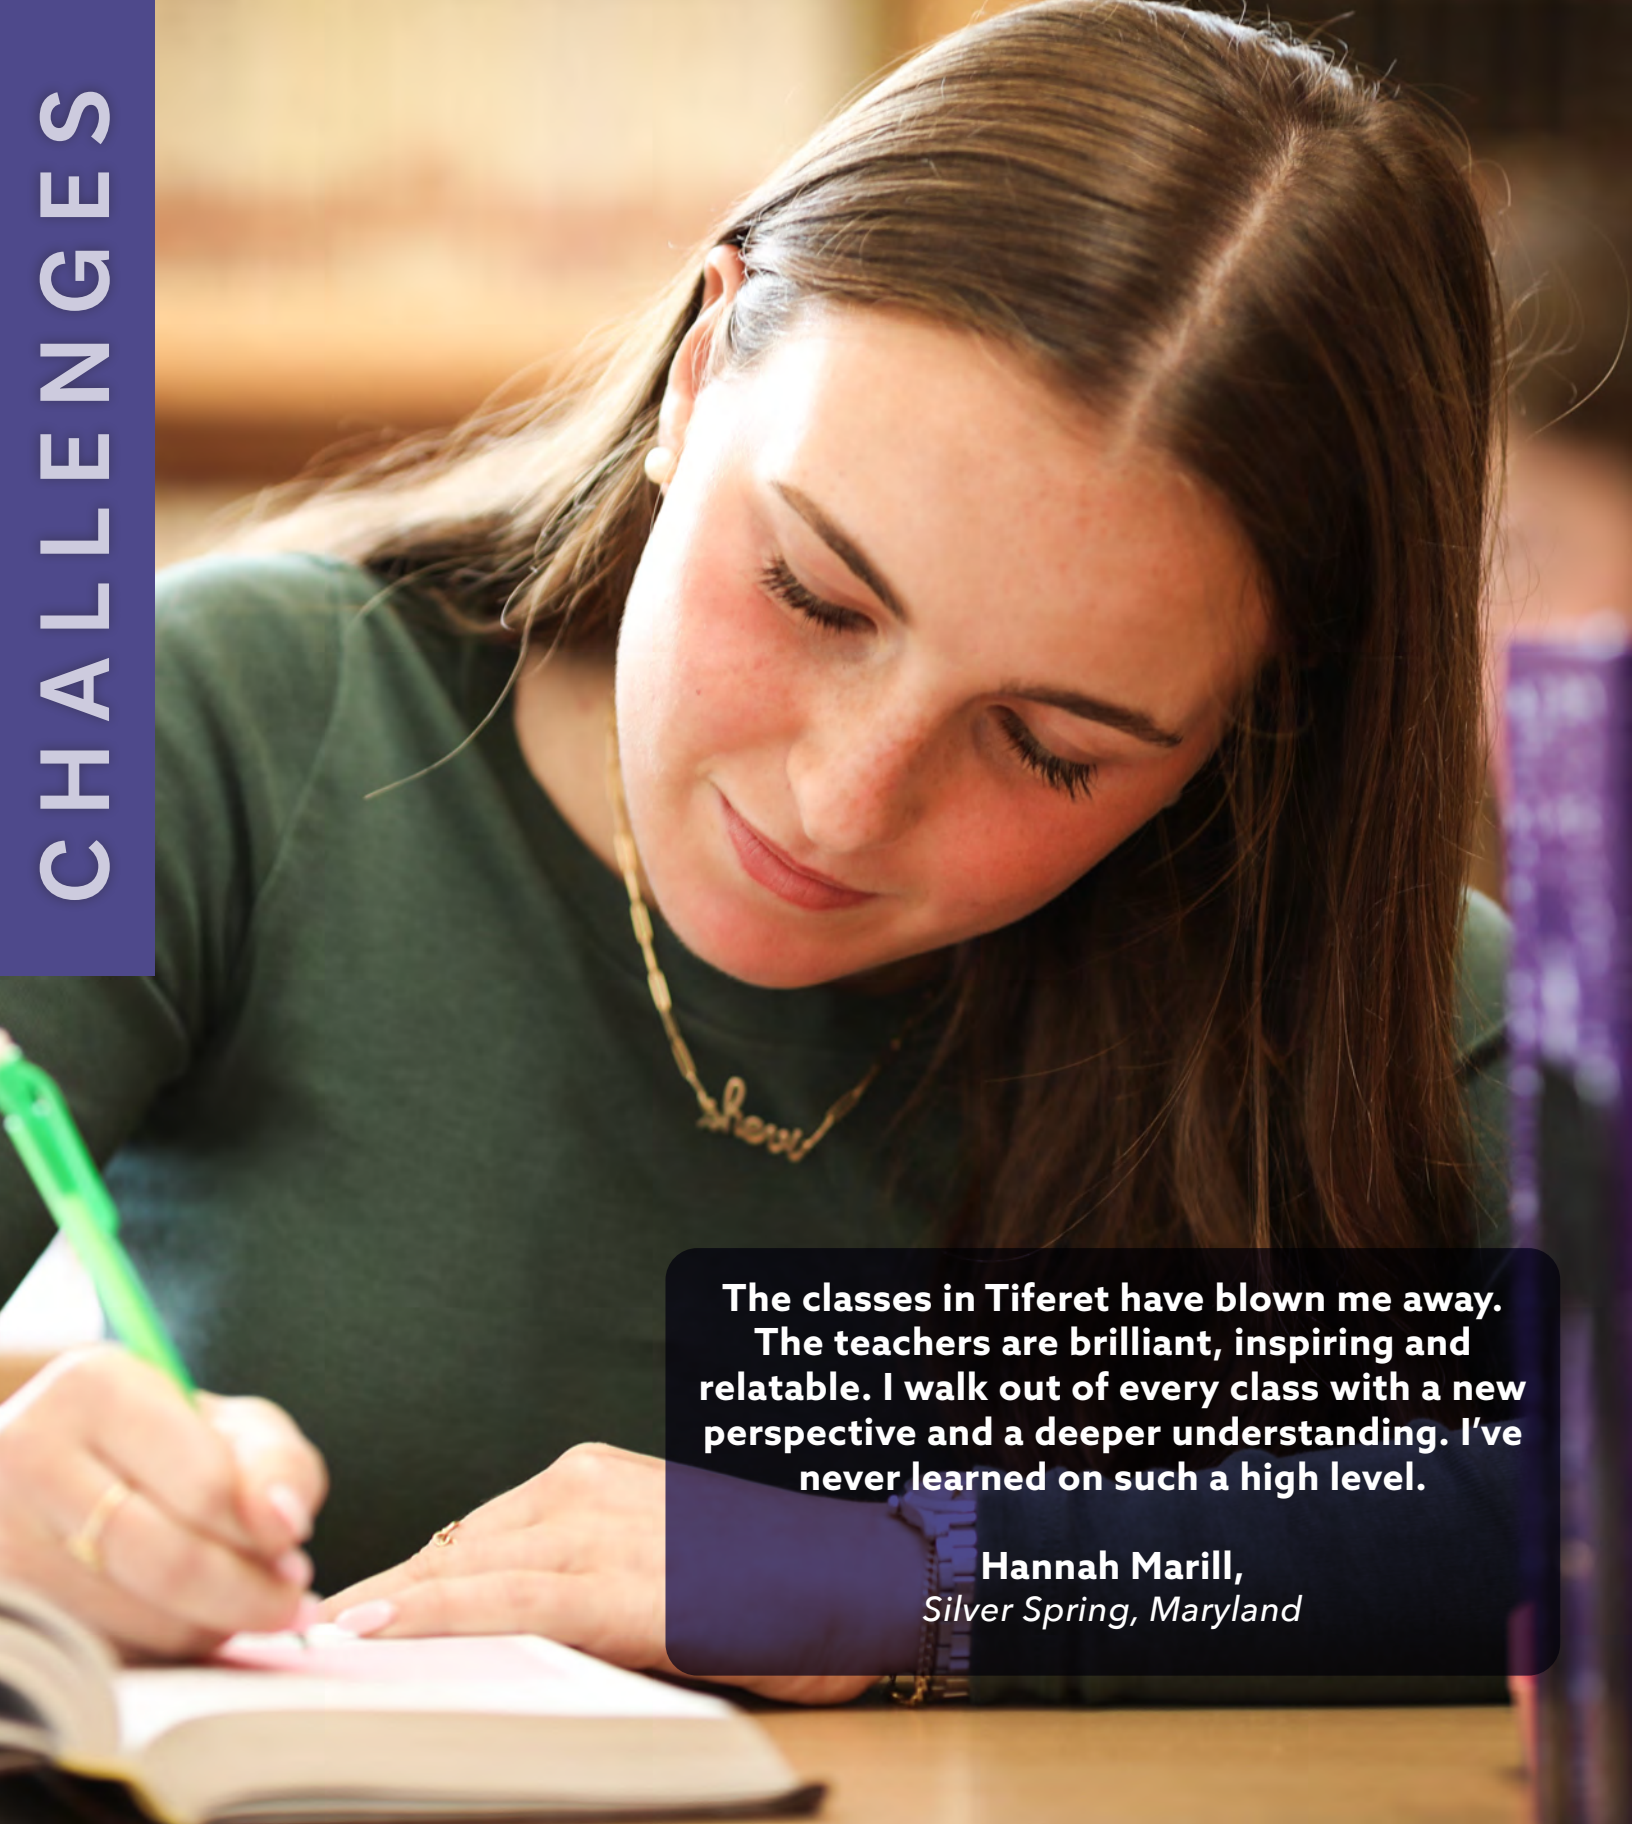

Laura Barnett,
Southfield, Michigan

I love my Rakezet! We go to her house for Chug every Tuesday night and we meet once a week and she constantly checks in to see how I'm doing and help me reach my goals.

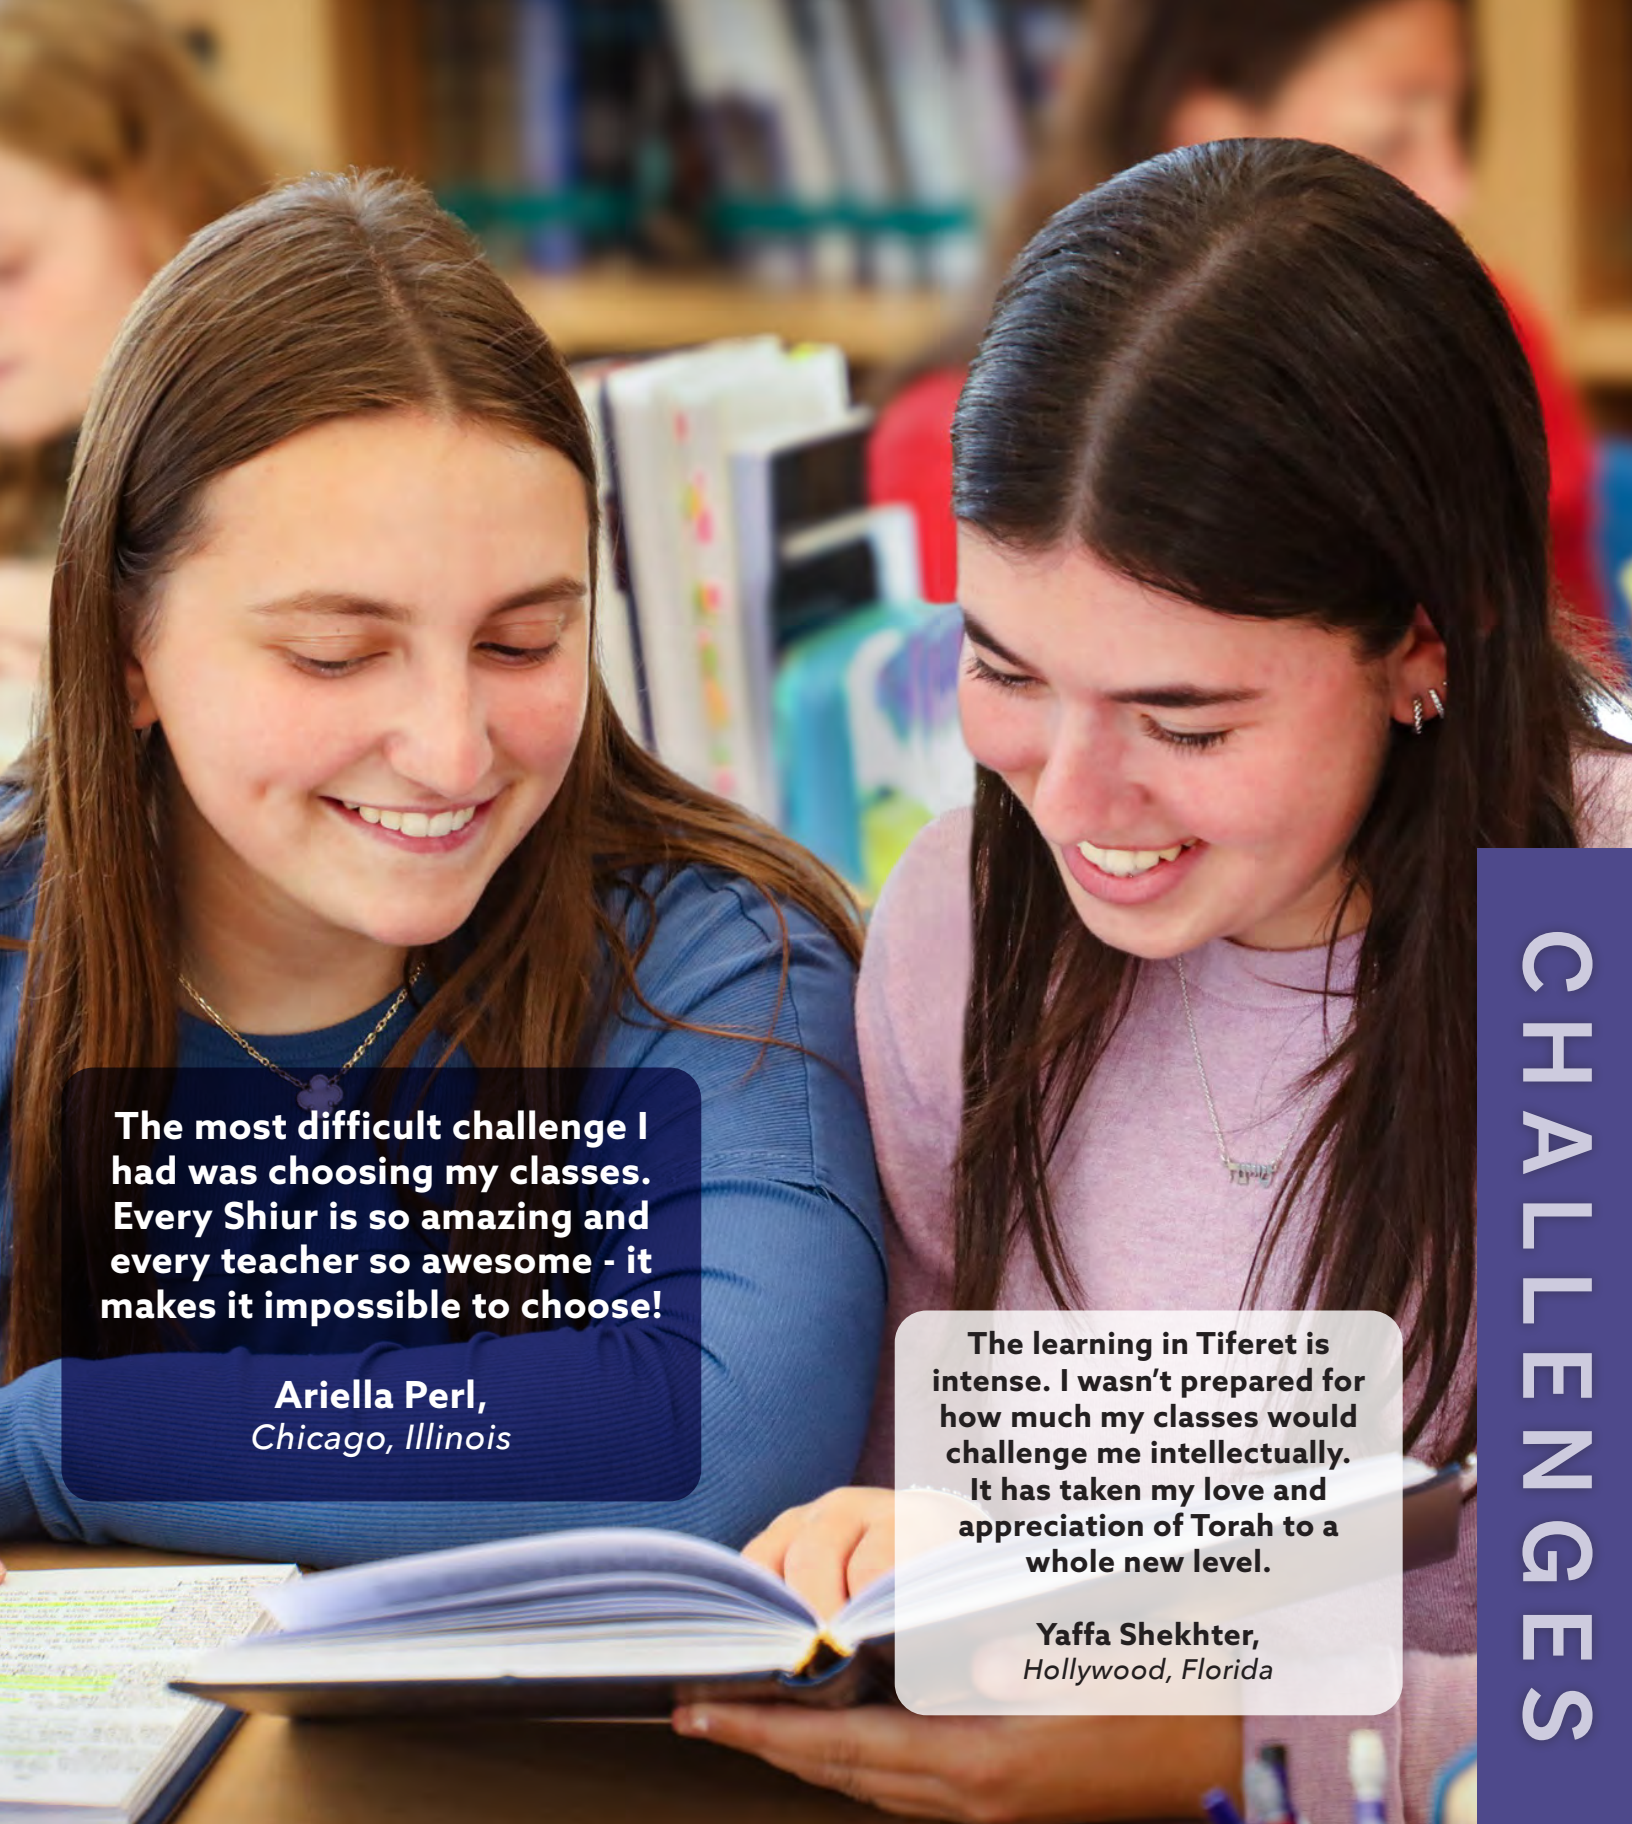

Zahava Chefitz, *Potomac, Maryland*

CHALLENGES

The classes in Tiferet have blown me away. The teachers are brilliant, inspiring and relatable. I walk out of every class with a new perspective and a deeper understanding. I've never learned on such a high level.

Hannah Marill,
Silver Spring, Maryland

CHALLENGES

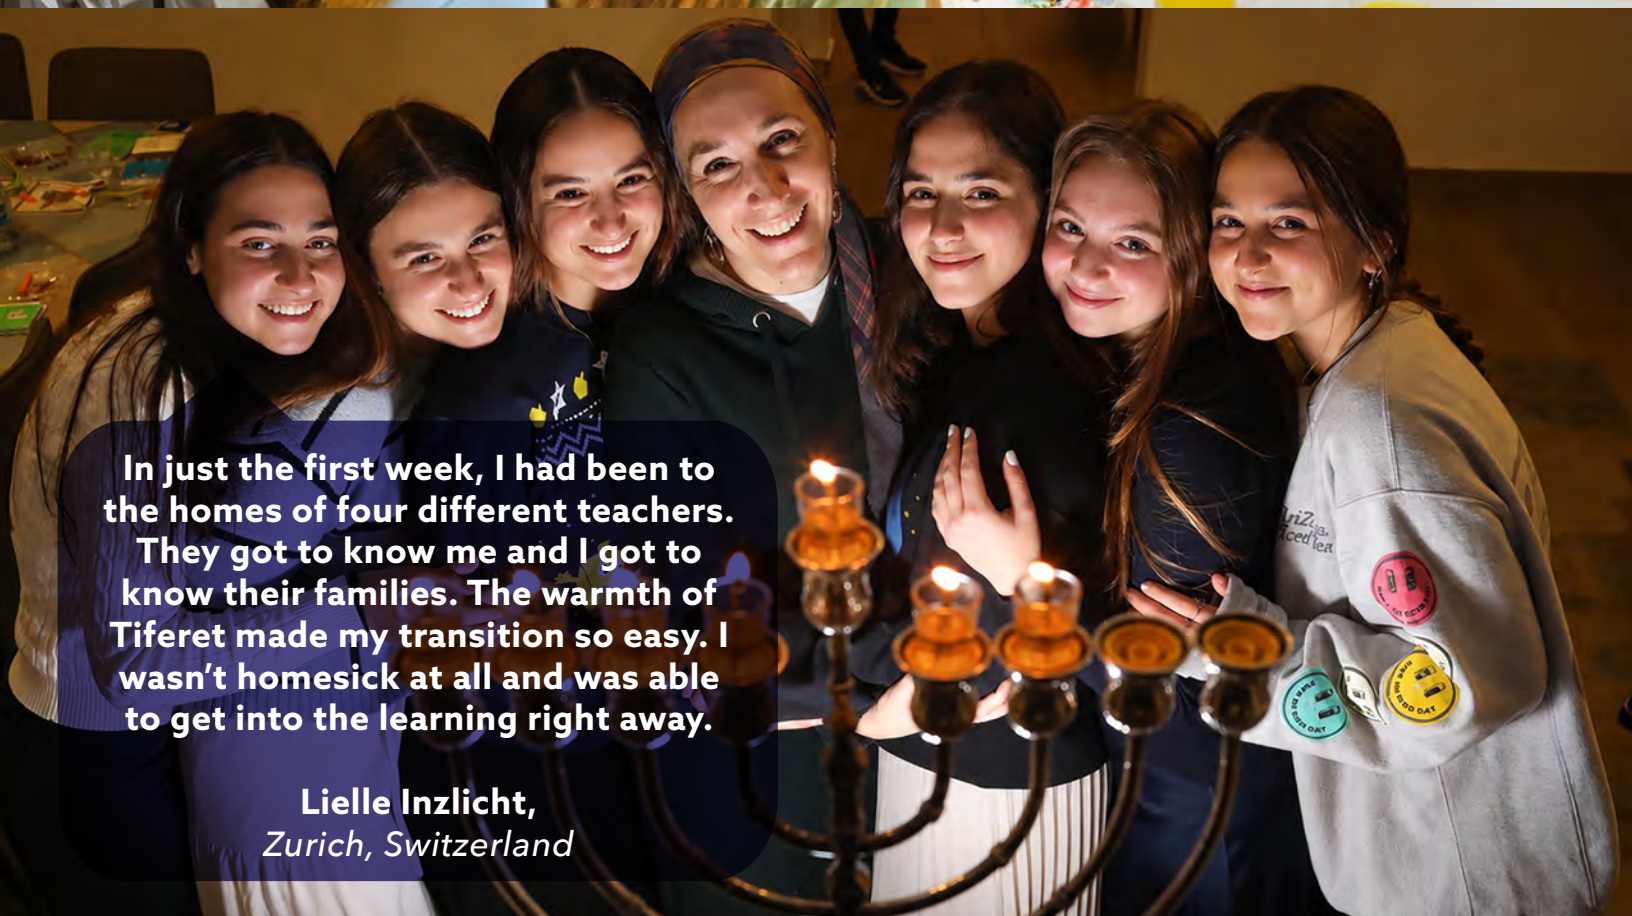

The most difficult challenge I had was choosing my classes. Every Shiur is so amazing and every teacher so awesome - it makes it impossible to choose!

Ariella Perl,
Chicago, Illinois

The learning in Tiferet is intense. I wasn't prepared for how much my classes would challenge me intellectually. It has taken my love and appreciation of Torah to a whole new level.

Yaffa Shekhter,
Hollywood, Florida

In just the first week, I had been to the homes of four different teachers. They got to know me and I got to know their families. The warmth of Tiferet made my transition so easy. I wasn't homesick at all and was able to get into the learning right away.

Lielle Inzlicht,
Zurich, Switzerland

I'm not sure what their secret is but we've become like a family. After the first Shabbat, everyone was already so close. Tiferet is really more than just a school.

Michal Raskas,
Baltimore, Maryland

FAMILY

FRIENDS

Tiferet students come from the UK, Belgium, Switzerland, Chile, Australia, Canada and America. But we all mesh together because everyone is so nice and friendly, not cliquey and we are all very motivated and share the same goals.

Rivka Schaerf, *London, England*

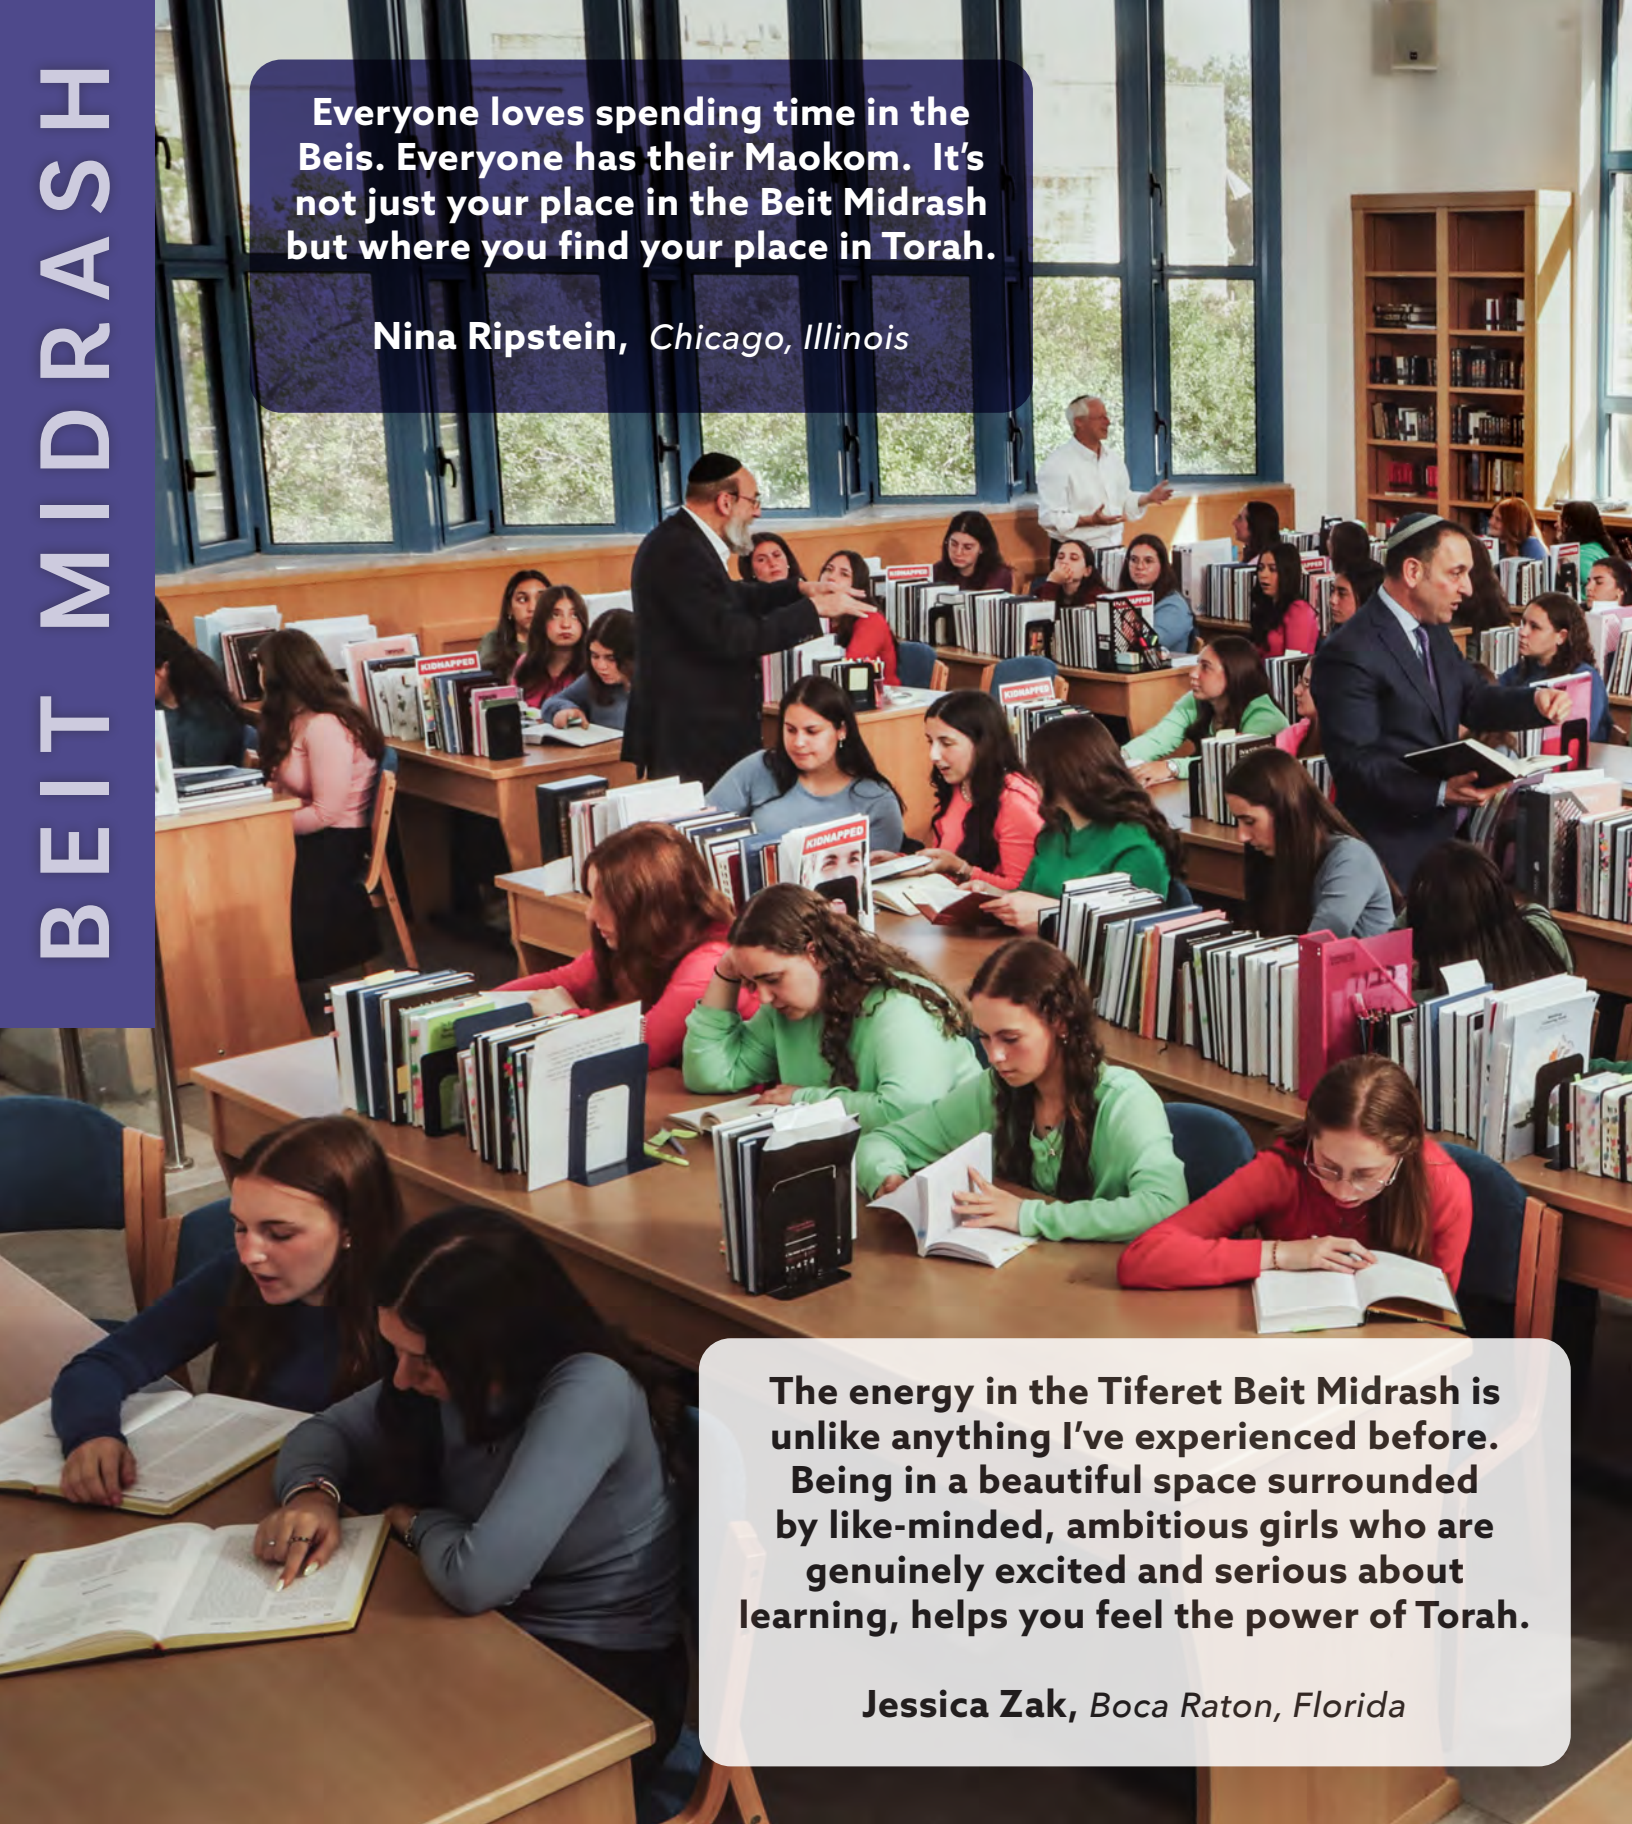

The Tiferet girls are the kind that you will want to be friends for life, who inspire you, who motivate you and push you to be the greatest version of yourself.

Tehilla Hyman,
Teaneck, New Jersey

FRIENDS

BEIT MIDRASH

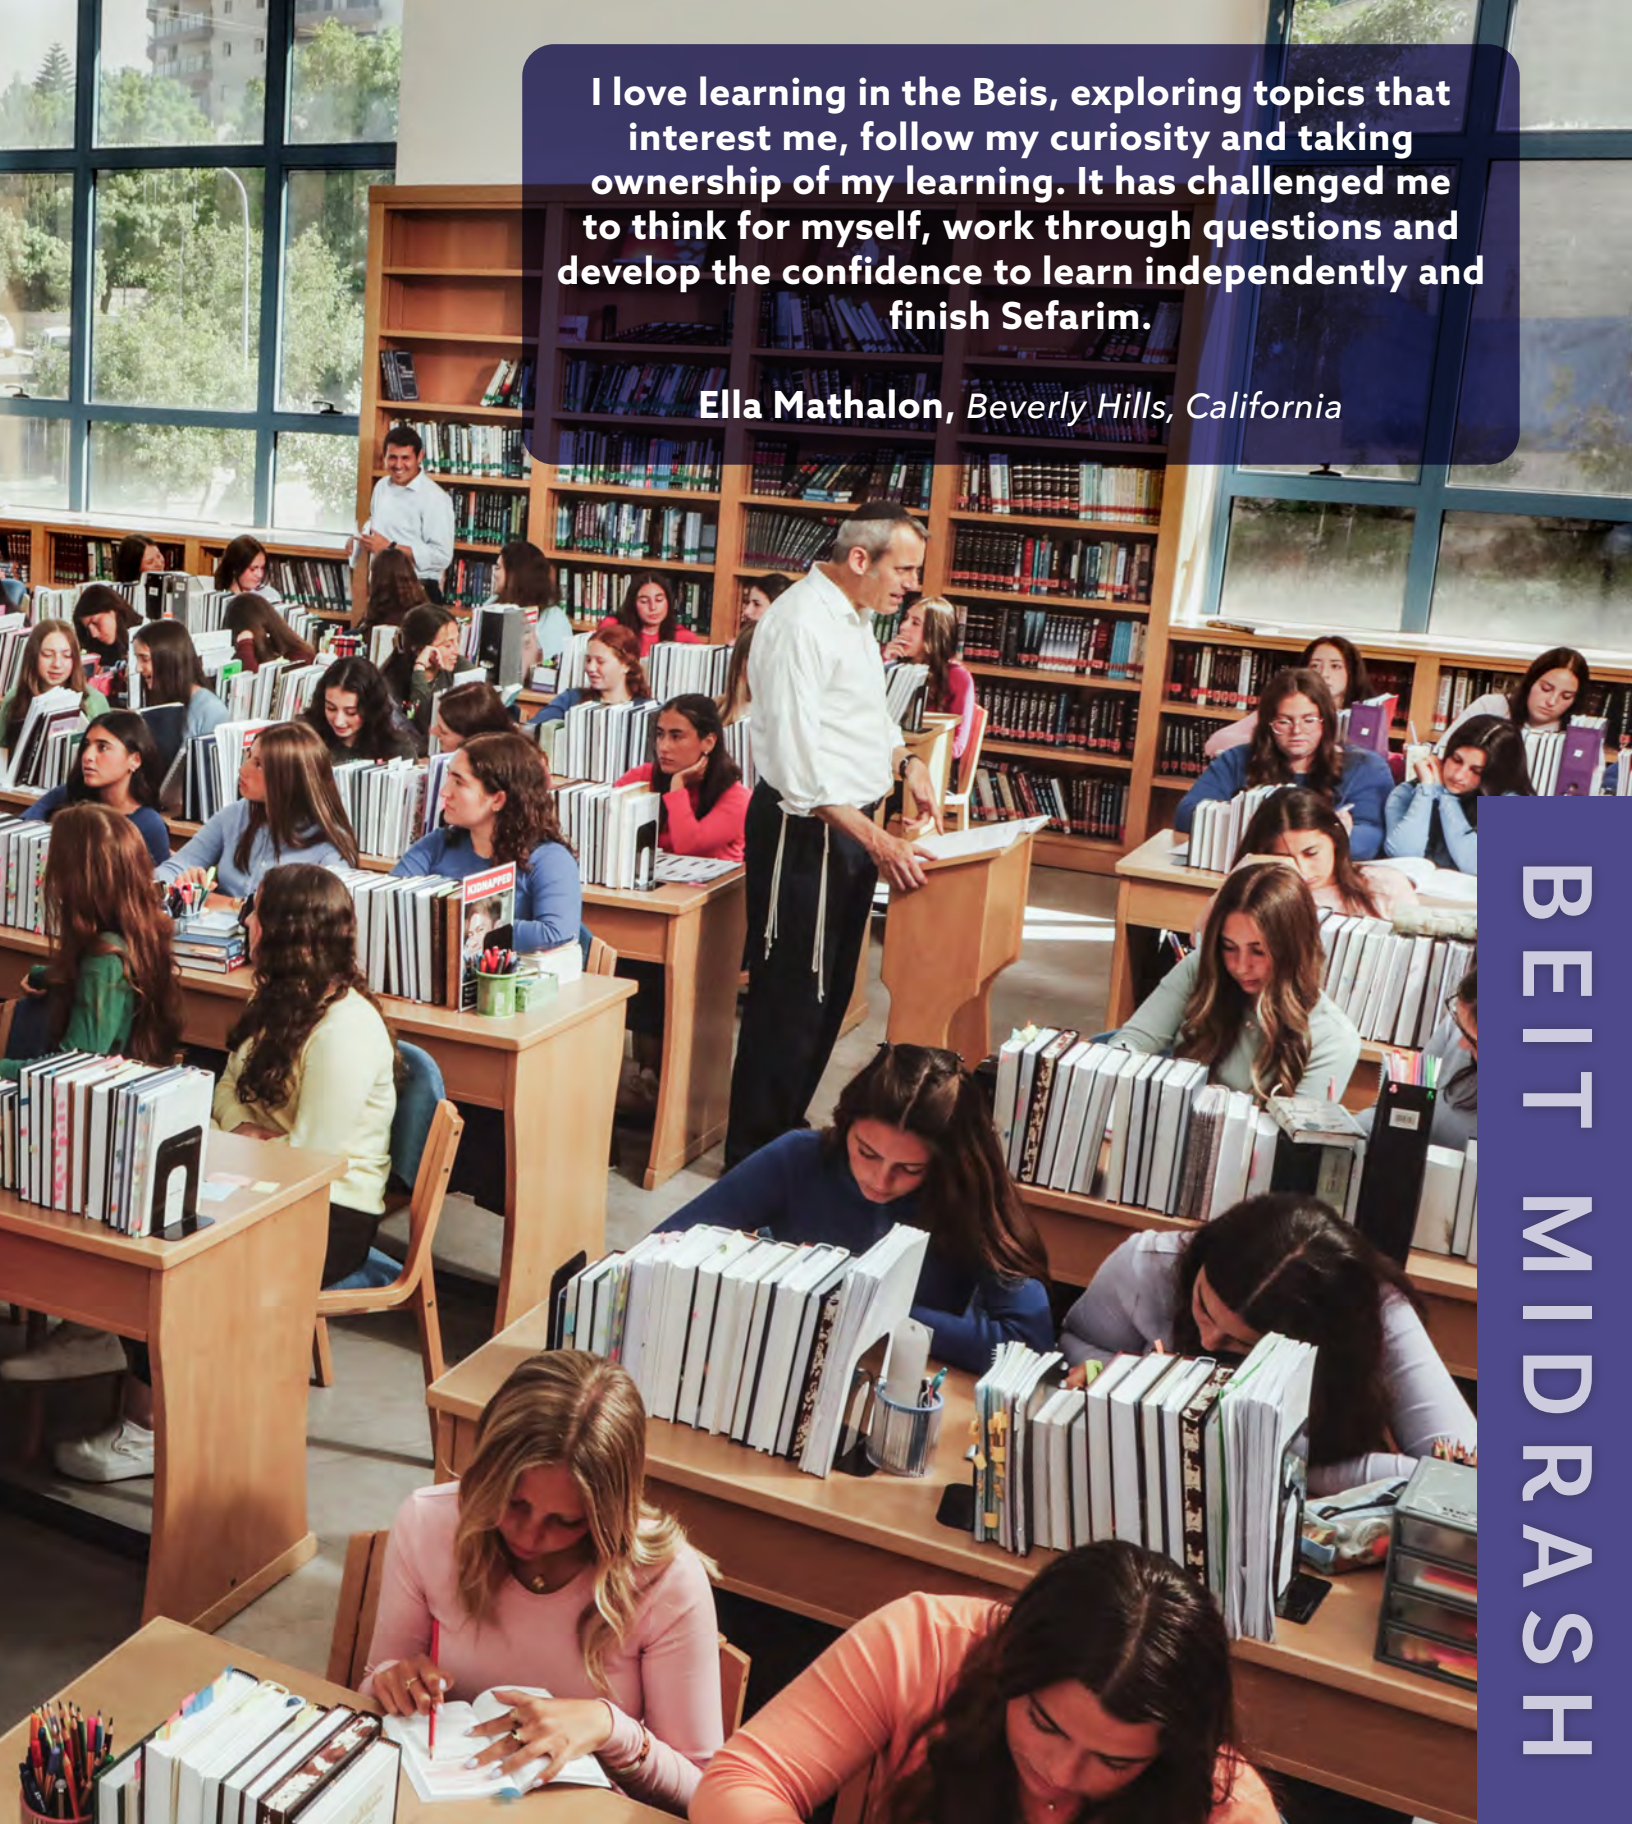

Everyone loves spending time in the Beis. Everyone has their Maokom. It's not just your place in the Beit Midrash but where you find your place in Torah.

Nina Ripstein, *Chicago, Illinois*

The energy in the Tiferet Beit Midrash is unlike anything I've experienced before. Being in a beautiful space surrounded by like-minded, ambitious girls who are genuinely excited and serious about learning, helps you feel the power of Torah.

Jessica Zak, *Boca Raton, Florida*

I love learning in the Beis, exploring topics that interest me, follow my curiosity and taking ownership of my learning. It has challenged me to think for myself, work through questions and develop the confidence to learn independently and finish Sefarim.

Ella Mathalon, *Beverly Hills, California*

CHESED

I took on doing Chesed at a family's house with an 8 month old who has Down's Syndrome. They ended up becoming my adopted family. They help me out in so many ways but I'm also able to give back.

Ilana Mael,
Boston, Massachusetts

Chesed at Tiferet is more than just once a week. Because we are in a community, there are Chesed opportunities almost every day.

Leah Polatoff,
Far Rockaway, New York

IDF SOLDIERS

Tiferet made and packaged thousands of food packages and treats for our Chayalim in Gaza and prepared hundreds of IDF Dri-Fit shirts for Tzitzit. Additionally, we hosted Carnivals, a Dance Party and Karaoke evening, Ceremic Painting, Toy Drive, Zumba and much more for the traumatized young women and children evacuated from communities attacked on October 7.

TIFERET EMERGENCY CHESED HELP

Students volunteered their free time to help families dealing with unexpected crises. Whether it was a medical crisis or a tragedy, Tiferet students were always happy to help in any way they can.

ADOPT A BUBBY

Visited the elderly during dinner time, participated in Rosh Chodesh, Purim, and Shavuot parties and presented shiurim.

YACHAD / TIFERET EVENTS

Tiferet hosted Yachad members for a beautiful challah bake, a fun Chanuka dance party, and an exercise class.

MELABEV

Students created and won a prize for a game they designed to help individuals facing cognitive decline and dementia. Tiferet was mentioned for this accomplishment in the Israeli magazine Dorot.

EZER MITZION BAKING EXTRAVAGANZA

Students baked over 600 slices of cake in the Ezer Mitzion pastry kitchen that was distributed to sick patients in the hospital.

NEVE MICHAEL BAT MITZVAH AND CARNIVAL

Tiferet partnered with the Neve Michael Children's Village to provide two extraordinary events: a Purim Carnival and a Bat Mitzvah. Neve Michael is a home for children who have suffered from neglect, violence and/or abuse in their homes. Many of these girls were never given a Bat Mitzvah. Tiferet made them feel special by creating a Bat Mitzvah celebration that they will remember and cherish for the rest of their lives.

DARKAYNU SHABBATON

Tiferet hosted the amazing students of Midreshet Darkaynu, a seminary for young women with special needs for a Shabbat at Tiferet with meals in our teachers' homes, shiurim and fun programs.

Tiferet students performed over 10,000 HOURS of Chesed this year!!

TIYULIM

You get to learn things in the classroom and then go and experience them - it's like the Torah coming to life.

Samara Sone,
Toronto, Canada

My year in Tiferet has ingrained in me a love and passion for Israel. Israel is no longer a vacation spot. It's our home.

Rachel Gutlove,
Teaneck, New Jersey

I didn't realize how many Tiyulim Tiferet takes. It's the most underrated thing about Tiferet. With all of the awesome trips, I've been able to cross out so many things off of my bucket list.

Daniella Press, *Detroit, Michigan*

CAMPUS

The Tiferet campus is gorgeous. We live in apartments so we really feel like we are living in Israel. However, my favorites are the beautiful Beit Midrash and the unbelievable view from the roof.

Naomi Abenhaim, *Montreal, Canada*

The atmosphere in the dorm is so comfortable, you can join anyone's conversation without feeling awkward or unwanted.

I love being in Ramat Beit Shemesh. The community is amazing, the views are stunning and all of our teachers are just a walk away.

Hadassa Miller

I love being in RBS. There is so much to do here. And Yerushalayim is just a short bus ride away. We have the best of both worlds.

The girls I met at Tiferet are not just my friends for a year. They are my friends for life.

Aliza Jaffa, *Lawrence, New York*

The culture of Tiferet is like no other - you notice it the moment you walk in - everyone is happy, friendly and motivated to get as much out of year as they can.

Rachel Rubinstein, *Teaneck, New Jersey*

The teachers in Tiferet do more than teach in the classroom. Whether it's a Shabbos meal at their home, a chavruta or discussing anything and everything, they genuinely care about your growth and see your potential. It was one year, but life changing.

Brooke Blum, *Edison, New Jersey*

I never heard anyone say anything bad about Tiferet. Now I know why! The teachers are unbelievable, the Tiyulim are epic, the campus is beautiful and the girls are exactly the kind I want to spend my year with. Everyone is happy and with good reason.

Rena Wogan, *Memphis, Tennessee*

Making Shabbat plans was never stressful knowing that I always have Tiferet as a backup. But quickly, Tiferet went from being my backup Shabbat plan to my first choice.

Rina Melamed,
Los Angeles, California

Hands down, the best environment, the best teachers, the best classes and the best girls to get the most out of your year.

Avital Zoladz,
Zurich, Switzerland

During the war, Tiferet made us feel safe and cared for. With our teachers down the street, they were constantly checking in on us. Tiferet is definitely the best place to be - especially in times like these.

Eliana Frankel, *Cincinnati, Ohio*

Since they live nearby, teachers are always available for Chavrutas or to meet with us - day or night.

Bina Goldberg, *Clifton, New Jersey*

When people say that Tiferet is a family they're aren't exaggerating. We become part of our teachers' families. Whether it's for a late night Vaad, a Chabura, a Shabbat meal or just to hang out, we are always in our teachers' homes.

Emily Rohan, *Dallas, Texas*

I can't believe that I've finished so many Sefarim. I'm up to eleven and more to come!

Shani Weinstein, *Cedarhurst, NY*

I always loved Israel but now Israel has become a part of me. My love of Eretz Yisrael and Torah have become one and the same.

Aliza Toplan, *West Hempstead, New York*

Every Friday, I take the free Tiferet shuttle to Yerushalayim and sometimes we stay up all Thursday night and then Daven Netz at the Kotel. The Kotel at sunrise takes your breath away.

Lauren Savitt, *Woodmere, NY*

When I go to Yerushalayim, I get the chills. I usually go 2-3 times a week and each time it's so special.

Faigy Newhouse, *New York, NY*

Rosh Hashana in Tiferet changed my life. I was nervous being away from home for the Chag but we were treated like family. Between going to teachers homes for homemade Yom Tov meals to the incredible davening in our own Beit Midrash - it was an unbelievable experience. I had the best davening of my life that Rosh Hashana.
